

## 'Zilka'

### Stylish & biodegradable clothes hanger collection from free range furniture designer Ryan Frank

Made from recycled British newspaper the 'Zilka' coat hangers present a fresh alternative to traditional wooden coat hangers.

Rich graphics combined with sustainable materials make these hangers not only stylish but also biodegradable when they have reached the end of their lifespan.

The hangers are available in a wide range of colors and graphics. Bespoke logo or print designs can be arranged on request.

Zilka is manufactured locally in the UK and made from Sundela Board, a sheet material made from 100% recycled and compressed British newspaper.

#### Product Specifications:

##### Dimensions

440w/200h/9dmm
